

## Board Diversity Policy

### Purpose and application

This Policy sets out the approach to diversity on the Board of Directors of TheWorks.co.uk plc.

### Policy statement

The Works is committed to promoting equality, diversity, and inclusion; building a supportive culture that actively values difference. We recruit, develop, and retain the most talented people, regardless of their background. We promote a culture of dignity and respect, treating our people fairly, as individuals and actively challenging discrimination, should it ever occur.

Our aim is to create a workforce, that is truly representative of all sections of society and our customers. We believe a key driver in delivering this aim is through a Board which has a balance of skills, knowledge, strengths, experience, diversity, and independence to provide the range of perspectives, insights and challenge needed to support good decision making.

The Board acknowledges the recommendations of the Davies Review (Women on Boards), the FTSE Women Leaders Review (formally the Hampton-Alexander Review) and the Parker Review and will consider the recommendations when considering future appointments to the Board.

The Chair and nomination committee will lead the Board's diversity agenda and set measurable objectives with the aim of continuously improving diversity and inclusion, including women, people from ethnic-minority backgrounds, people with a disability and other under-represented groups, leading to better debate and decision-making.

Appointments will be made on merit and objective criteria, taking account of the skills, knowledge, strengths, experience, diversity, and independence, which the Board requires to be effective.

The Board will be expected to role model inclusive language, behaviours, and practice in all undertakings for and on behalf of TheWorks.co.uk plc, setting a clear message about the importance of diversity and inclusion across the Company.
